**Please find below and/or attached an Office communication concerning this application or proceeding.**

The time period for reply, if any, is set in the attached communication.

**Notice of Non-Responsive Election**

The reply filed on 8/25/08 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicants election of the species "2'fluoro substituted nucleosides" is noted, however applicant has not fully complied with the requirement to provide a listing of the claims that encompass the elected species. Applicant argues that all of the 115 pending claims read on the elected species, even those that recite other species and not the elected species. This rational defeats the purpose of the requirement. Applicant should review the claims and present a listing that identifies those claims that are generic to the elected species and those that recite the elected species. Claims that recite other species and not the elected species are not considered claims that read on the elected species. A search of claims that recite other species and not the elected species requires a search that does not include the elected species, for example. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
